Insane **Renaissance Alchemist**. He has a deformed kind of immortality and is known also as the Monstrum. Eckhardt was one of the greatest practitioners of the art/science of his time. Since 1945 Eckhardt has made an effort to blend with the modern world. However his fevered mind is on things other than his appearance.

He carries a set of **Prima Materia** elements on a key ring around his belt. These elements have been alchemically refined over hundreds of years into pure substances, which are so potent that they affect any other elements brought into contact with them at their atomic level.
